OUR VALUES

Our values are applicable to all our courses.

On matters of faith we seek unity in essentials and tolerance in the non-essentials.

Holy Spirit: Ministry is most efficient and effective when done under the tutelage of the Holy Spirit. It is our great desire to see God's supernatural manifestation in the lives of those who come to study in our college.

UNTIL NOW...

LoveWorld Leadership College delivers training of Australian accredited awards under the auspices of Unity College Australia RTO 6330. CRICOS Code 02160A. The college started under the Australia College of Ministry (ACOM) in 2017 and, at the time, had its foundations in grass roots ministry training for only local students. The name LoveWorld was chosen to reflect the purpose and love of Christ in transforming mankind and in giving their lives a meaning. Since then, the college has taken up an international focus to provide ministry training in Australia to students from all over the world.

COLLEGE ETHOS

LoveWorld Leadership College is committed to delivering quality vocational education and training programs from a Christian perspective aimed at equipping people to effectively contribute to contemporary society.

LoveWorld Leadership College's programs strive for:

- academic excellence (developing intellectual discipline and expertise for attaining and developing knowledge and skills, as well as providing a basis for further education),
- vocational competency (practical skills and methods that relate to Christian ministry and/or workplace related skills) and
- character development - personal growth based on Christian character foundations.

Vocational outcomes range from leadership in Christian ministry to competent, professional service in the general community.

GENERAL

LoveWorld Leadership College (LLC) has a parent school, Unity College Australia (UCA) which believes a strong client service ethos provides a basis for making informed decisions about technological, people and property investments and the organizational structures it should pursue, that ensure decisions are aligned to a people-responsive focus. Research can give clarity about the needs of clients and show how and where they are changing. These processes contribute to a culture of continuous improvement in the College.

Formal and informal evaluations are used for all subjects and courses to obtain feedback from students. Following analysis of issues raised, feedback is incorporated by trainer/tutors, and aids in delivery of subsequent training.

Surveys of students and Industry/Christian ministry leaders help to determine appropriateness, relevance, level and style of training offered to clients, and ensures the competencies developed in

the College are recognizable and meet the needs and standards of the industry. The College believes this approach will ensure quality training outcomes and meet current and emerging vocational skills needs in Australia.

Students at LLC can direct matters for consideration by the Board through the Director.

INTERNATIONAL STUDENTS

Courses for international students are registered with the Australian Government under CRICOS (Commonwealth Register of Institutions and Courses for Overseas Students).

Unity College Australia, as our parent institution, subscribes to the National Code of Practice for providers of education and training for International Students. This code of practice has a key objective in delivering education of integrity and quality. Under Australian law students from overseas studying for more than 12 weeks are generally required to hold student visas to enter Australia for education and/or training. Students are required to comply with the conditions of this visa.

All conditions relating to International Student enrolment at Australian Educational Institutions are outlined in the ESOS National Code and ELICOS National Standards.

Areas relevant to students at Unity College regarding the ESOS & ELICOS National Codes are outlined below.

Enrolment Information

The college agrees to provide all students with correct and enough information about course fees, entry requirements, content and assessment, and college policies and procedures prior to enrolment.

This is to enable the student to make an informed decision about applying for study at the college.

Language

Whether or not students have been assessed through the IELTS, or other English testing, international students will be required to undertake bridging courses where their level of English proficiency is not adequate for the course they apply for. Unity College Australia offers stand-alone English as a Second Language (ESL) courses that are available to meet this requirement.

Enrolment Agreements

Students will be provided with written agreements which outline the basis of understanding of their enrolment at the college, including course name and dates, fees and due dates and refund policy.

Attendance and Course Progress

Student visas are only available for full-time study in CRICOS registered courses. Courses implemented under CRICOS for international students are required to meet a minimum study load of 20 hours per week. Attendance in class sessions is necessary for satisfactory course progress.

Students who do not meet satisfactory attendance and course progress requirements are at risk of enrolment cancellation.

For more information see Section 8 of this handbook and the International Students section under Attendances and Absences.

Personal Details and Information

Students are required to keep the college up to date with current contact details (ie Australian residential address, contact phone number and email address) and advise any change of circumstances within 7 days.

The college is under strict privacy arrangements. These are described in Section 10 under the heading Confidentiality of Personal Information.

Recognition of Prior Learning (RPL)

International students may apply for Recognition of Prior Learning. However, if you receive recognition of prior learning for any subjects, we will be required to either reduce your course length on your Confirmation of Enrolment (CoE) or request you to choose additional elective subjects to make up a full time load. The course load in the final semester of study can be reduced provided the student meets course completion requirements. For more details about RPL see Section 5 of this handbook.

Refund Agreement

Refund arrangements are covered in Section 6 of this student handbook. The government requires us to advise you that “this agreement, and the availability of complaints and appeals processes, does not remove the right of the student to take further action under Australia’s consumer protection laws”. Our dispute resolution procedures, as defined in the handbook, do not circumscribe the student’s right to pursue other legal remedies.

Students will receive a full refund of fees for services not provided including instances where courses do not run or the college defaults.

Student Support Services

We have an obligation to provide support for students with regards to:

- orientation
- academic progress
- further study
- accommodation
- counselling re welfare matters
- dispute resolution

Information for international students prior to arrival, available on the college website, provides information concerning matters such as banking, work rights, tax file number requirements, drivers licenses, health cover and schooling of dependents.

Unity College as our parent institution, has a Critical Incident Policy for managing incidents which may affect international students. Students will be given the International Student Liaison Officer and International Registrar contact information upon arrival and are able to use this in the event of any major issue occurring.

Students who have an issue or complaint may access the college's Complaints and Appeals Policy. Dispute resolution procedures are outlined in Section 10 of this Handbook under the heading 'Procedures for Dealing with Complaints or Grievances'.

Please contact the international student liaison representative or Principal of your local campus if you need further assistance.

Overseas Student Transfers between Providers

As a CRICOS provider under the ESOS Code, LoveWorld Leadership College (LLC) under Unity College Australia (UCA) has obligations to meet in relation to accepting students from, or allowing students to transfer to, another CRICOS provider. We will not knowingly enroll an overseas student wishing to transfer from another registered provider's course prior to the overseas student completing six months of their principal course of study ("restriction period"), except in certain circumstances.

A student will generally not be able to transfer from LoveWorld Leadership College to another provider until they have completed at least 6 months of study in their principal course at LLC, except in certain circumstances.

As the principal course of study is generally the final course of study covered by the overseas student's visa, transfer requirements apply to all courses of study prior to the overseas student's principal course.

Students wishing to transfer to LLC within the restriction period will need to provide a letter of release from the provider at which they are currently enrolled.

Students who wish to transfer from UCA within the restriction period must apply in writing to the UCA Registrar, detailing their reasons for the request. The request will be considered by the Director

of UCA based on what the provider considers to be in the student's best interests. Reasons which may be considered include compassionate and compelling circumstances. A request will not be considered or granted for reasons which are based on finances.

International Student Policies and Procedures

Other policies and procedures specifically relating to international students are outlined in this handbook. These include:

- course enrolment (Section 5)
- fee payment and refunds (Section 6)
- deferment, suspension or cancellation of enrolment (Section 6)
- assessment, attendance and course progress requirements (Section 8)
- General policies including complaints and appeals (Section 10)

Detailed versions of policies and procedures are available from our Parent Institution, Unity College Australia National Office.

4. VOCATIONAL OUTCOMES & CURRICULUM PHILOSOPHY

VOCATIONAL OUTCOMES

Courses offered by LoveWorld Leadership College have been designed to train & equip students in the following situations:

- Those needing foundational knowledge and skills in order to undertake further training or education courses
- Those wishing to develop skills to gain employment in a Community Service Organisation
- Those wishing to develop the required skills for leadership in a variety of spheres.
- Those wishing to work in a Christian ministry context (eg church, cross-cultural mission, creative ministries and/or chaplaincy)

CURRICULUM PHILOSOPHY

LoveWorld Leadership College is committed to providing training that is academically tenable and intensely practical. The College's programs are designed to draw on the skills of trained and experienced educators and meet the needs of the community at large, the aspirations of clients and the expectations of the accreditation authorities.

CURRICULUM VALUES

The curriculum is geared to vocational education and training outcomes for clients of the College for both industry and Christian ministry areas. Curriculum development and maintenance are driven by, and are consistent with, the College's Mission, Vision, Core Values and Statement of Beliefs.

INDUSTRY OUTCOMES

The curriculum focuses on training outcomes that will help students gain suitable skills in order to obtain employment in the workforce.

CHRISTIAN MINISTRY OUTCOMES

The underlying Christian ethos of the College's programs reflects its market distinctiveness, ie Charismatic/ Evangelical. Subjects are concurrently academic and practical in nature, with a strong ministry application eg serving in the Australian community, dynamic church planting and world missions.

The College curriculum is designed to address a wide variety of Christian ministry scenarios. Under the guidance of the Holy Spirit the LLC seeks to fulfil the following goals:

- To increase students' understanding of Christian ministry and the importance of working together under God to fulfil His purposes.
- To discover ministry gifts of students and to increase their ministry skills through training, providing opportunities, experience, mentoring opportunities for spiritual and character development.
- To increase students' understanding of how all facets of various ministries function together.
- To increase interpersonal skills and culturally sensitive communication needs to function as team members with fellow workers.

UNITS AND SUBJECTS

The selection of units/subjects taught at LLC covers accredited training the College is authorized to deliver. This ensures students have the capacity to exit their chosen program of studies with qualification/s that are nationally recognized and portable, as well as with subjects designed to prepare students for their vocational outcomes.

For practical purposes:

- Timetabling is undertaken with a view to ensuring reasonable/balanced workloads available, so students meet the standards required to complete programs within indicated time frames. Timetabling and scheduling are designed to meet Government standards for “full-time” students and ensure a flow from one term/semester to another during the life of the program.
- In multi-stream courses, not every subject will be delivered every year. The published program for an academic year generally indicates the range of subjects on offer during that year. Elective classes will only be run where there are adequate class sizes.

FLEXIBILITY

Curriculum content is geared to the needs of internal and external students. Decisions on content consider feedback from students, levels of recognition of prior learning, expected class sizes, special needs of students and input from member churches.

The principles of “flexible delivery” apply to the way material is structured and delivered within individual subjects or units, providing:

- Learning Outcomes/Units of Competency are achieved.
- Teaching materials are reviewed on an ongoing basis
- Teaching programs, styles and assessment methodologies are overseen by College representatives possessing a Certificate IV in Training and Assessment (TAE40116) or equivalent.
- Trainers are chosen based on their subject knowledge and recognition as “practitioners” using their teaching and ministry gifts and/or skills in the given field of study.

5. COURSE REQUIREMENTS

ENTRY REQUIREMENTS

Minimum Age Requirement

The minimum age entry requirement for most courses is 17 at the time of commencement of study (International students must be 18 years or older).

Prior Education Requirements

It is anticipated that students enrolling in Certificate IV level and above programs will have satisfactorily completed Year 12. However, students who have not attained this level of formal education may be considered for enrolment, providing they meet other relevant course entry requirements and demonstrate the potential to complete the course for which they are applying.

Applicants seeking enrolment in the Diploma and Advanced Diploma programs are expected to have completed any required pre-requisite lower-level qualifications or can demonstrate equivalent competency.

Language, Literacy and Numeracy Requirements

Specific elements of competency in language, literacy and numeracy (LLN) are required on entry to the College depending on the course being studied. In general, all participants should be able to read and understand text to:

- write simple statements (demonstrating an understanding of the writing process, use of basic sentence structure/ punctuation etc.)
- identify data and information
- understand the meaning of the text (explaining it in their own words using key terms to support explanation)

Students who have undergone testing showing that they don't have these skills are able to enroll in our parent school, Unity College's ESL programs.

Application Process Requirements

The general college entry process involves:

- Completed application forms
- A successful interview with the Director or representative (where possible)

Specific Requirements

For entry into Christian Ministry courses, the following requirements apply:

- The student is a committed Christian and actively involved in a Christian community
- References from Christian leaders
- Students should in good conscience be able to subscribe to the LoveWorld Leadership College statement of beliefs which are found in the tenets of mainstream Christianity.
- Agreement with the "Expectations for Christian Students" as outlined in the application form and this handbook and answering associated questions concerning their personal life situation.
- An audition/portfolio and/or short structured test for students enrolling in all the courses.

INTERNATIONAL STUDENTS

Based on our Parent School admission process (Unity College Australia), international students who wish to study in Australia must have to satisfy visa and English language requirements according to the Department of Immigration and Border Protection (DIBP). Courses registered under CRICOS for international students must meet minimum requirements regarding hours for face to face and supervised training and online training. International Student visas are issued for full time face to face study programs.

Visa requirements involve holding a passport valid for the duration of study, meeting health requirements including the purchase of health insurance,

demonstrating financial viability to study in Australia and meeting English language requirements.

Students coming from countries DIBP deems necessary are required to sit an IELTS or TOEFL English language test and achieve an IELTS score of 5.5 or above in order to proceed to a general course being offered by LoveWorld Leadership College (LLC). Students are required to achieve an IELTS score of at least 6.0 for Christian Ministry & Theology.

International students must be 18 years or older at the time of commencing study with Unity College Australia.

INTERNATIONAL ENROLMENT PROCESS

Enrolments for international students can take a considerable amount of time, especially when enrolling from countries that DIBP considers high risk.

The process is as follows:

1. Student makes enquiry to LoveWorld Leadership College by filling in an expression of interest form on our website (loveworld.edu.au/apply). LoveWorld Leadership College will review the form and, if preliminarily approved, contact the student for an interview.
2. If the interview is successful, the college will send the student a formal application form to complete and submit. When this form is submitted along with all supporting documents, the college will review the form and, if approved, introduce the student to Unity College Australia.
3. Unity College Australia sends email to student and requests payment of Application Fees, certified copy of current Passport ID page, Character references, IELTS certificate less than 2 years old, etc. etc.
4. Unity College Australia informs LoveWorld Leadership College by email that student's application form is complete, (un)satisfactory, and that all associated fees have been paid.

If unsatisfactory at this stage, Unity College Australia informs the student that the application is not accepted.

5. If LoveWorld Leadership College Approves Application, Unity College Australia sends a Letter of Offer to the student. If LoveWorld Leadership College Does Not Approve Application, Unity College Australia informs the student that the application is not accepted.

6. Successful applicants who receive a Letter of Offer from Unity College Australia need to return the 'Acceptance of Place' letter that is provided with the offer of place and pay the amount(s) listed in the offer.

7. Address health insurance requirements: Overseas Student Health Cover (OSHC) is required for the duration of the Visa or program of study plus a period beyond the program of study end date (whichever is longer) as per below:

- a) one calendar month for courses under ten months not ending at end of calendar year
- b) two calendar months for longer courses and programs of study
- c) where a course or program of study ends at the finish of the academic calendar year, then OSHC will be required to the 15 March the following year.

In most cases it is not possible to transfer health cover from other countries. The purchase of OSHC can be done through Unity College Australia as part of the application process. A quote is provided as part of the Letter of Offer and rates are very reasonable. This payment is required in advance of an electronic Confirmation of Enrolment (eCOE) being issued.

In the case of unsuccessful visa applications, pre-paid tuition fees and OSHC premiums will be refunded according to the College Refund Policy.

8. Address English language requirements: Where English is not an applicant's native language and they have not lived in an English-speaking country for a reasonable period, a current IELTS or TOEFL score will be required. This English language test is administered through the Australian consulate/embassy as part of applications for student visas.

LLC through Unity College Australia (UCA) accepts students with an IELTS score of 6.0 for Ministry & Theology.

9. Once steps 6 to 8 are completed an electronic Confirmation of Enrolment (eCOE) will be issued and the Australian government notified.

10. Apply for a student visa with the Australian consulate/embassy in your country of residence. A valid eCoE is required as part of the student visa application

The Australian consulate/embassy will assess applicants against many criteria. Requirements vary according to the applicant's country of birth / residency. These could include having a medical including a chest X-ray and providing proof of financial viability to study in Australia.

NATIONAL RECOGNITION

Where students have undertaken studies at any vocational training organisation recognized by the Australian Government (often referred to as a Registered Training Organisation or RTO), the college has a policy of recognition of any studies completed. This would include individual recognized competencies as well as full courses

RECOGNITION OF PRIOR LEARNING (RPL)

If a student's educational or vocational/work background includes some relevant studies or experience, it may be possible to apply for "Recognition of Prior Learning" towards a subject, unit or course offered by LLC through UCA

Students seeking Recognition of Prior Learning (RPL) for a subject/course leading to a UCA qualification may be granted a maximum of 100% of individual subjects using direct evidence. RPL is normally considered where there is an obvious relationship between external and UCA units of study, and their respective learning outcomes.

Within the College, applications and submissions for RPL are considered by an RPL Committee. As part of the RPL process the college will:

- advise potential RPL applicants about the process;
- provide applicants with RPL Application forms and RPL Submission & Assessment Kits that include the relevant units of competency in which RPL is being sought;
- receive RPL applications and RPL submissions from students;
- compare academic content (including course loads and prescribed learning outcomes) using transcripts, course information, syllabus documentation and interview;
- assess the relationship between previous studies and work/life experience and the unit/s for which students apply for RPL;
- make decisions regarding the levels of RPL to apply. Where necessary, this is done in conjunction with the institution/s through which previous qualifications were granted;
- advise applicants of the outcomes of their applications.

What students need to do:

As part of the Unity College's quality assurance measures, the subjects that students have previously undertaken, or skills gained through previous experience will need to be assessed. New or existing students who are seeking recognition of prior study or experience towards a course of study they intend undertaking at LoveWorld Leadership College, are required to:

- complete the online application form available at Unity College's website
- pay the RPL Application fee (where relevant)
- participate in a preliminary interview to determine course and unit options and receive an RPL processing quote and appropriate RPL Submission Kit that includes details for the required course/units
- accept and pay the quoted RPL processing fee
- provide adequate supporting documentation (academic transcripts, certificates/ diplomas, certified copies of achieved units of

competency, course components and assignments)

It is the student's responsibility to outline the individual skills they have acquired against the prescribed assessment criteria of the relevant unit(s).

The RPL Committee will assess applications and advise students in writing of the outcome as quickly as possible (subject to the availability of all relevant documentation).

Charges:

Application Fee: Applicants are required to pay a fee with their RPL Application which will cover an initial application assessment.

Interview Assessment Fee: Once the application has been accepted the applicant will attend an interview which will include assessment of initial evidence provided in support of the RPL application.

Further charges: will be determined in consultation with the student at the initial interview but will vary between 25% of course fees up to the full cost depending on the course selected and amount of RPL being assessed. Fee payment is required before RPL assessment is undertaken.

Appeals:

Applicants may appeal the result of the RPL assessment by applying in writing to the Principal.

CHANGE TO COURSE ENROLMENT

Students wishing to change the course in which they have enrolled and accepted an Offer of Place must formally advise the college in writing prior to commencing the course. Application to change a course will be considered depending on the new course's entry requirements.

Students wishing to change courses after commencing their enrolled course must formally

apply in writing to the college. Course transfer can only occur if entry requirements are met, would usually occur at the start of semester and may involve an additional fee.

A re-enrolment fee (no more than the initial application fee) will be charged for students wishing to change their course enrolment. The college will provide a new electronic Confirmation of Enrolment (eCoE) which the student must present to the Department of Immigration and Border Protection in order to update their visa.

International Students are not able to defer, other than in exceptionally compelling circumstances, due to the conditions imposed on their visas. There are also restrictions and conditions which apply to requests to transfer colleges once a study visa has been granted.

- After 4 weeks: \$200 plus \$20 per week until submission
- Where more than one assignment is involved for the same subject the maximum late submission fee will be equal to 50% of the full subject fee up until the close of the subject. After this the full subject fee may be charged if the assignment(s) is/are accepted for marking or the student may be required to re-enroll in the subject when next offered.
- These late fees must be paid in order to have assessments marked and results issued for the respective subject.

For more details about late assignment submission see Section 9: Academic Policies.

Re-sit/resubmission fees

A fee may be charged where a student is given the option to re-sit or resubmit an assessment item. The fee is \$60 per assessment.

Where an assignment shows evidence of academic misconduct (see Section 9: Academic Policies for details), the fee will be \$100 per re-assessment.

Where a student is required to re-sit a subject, the charge will be the full subject fee.

Deferral fee

Ongoing periodic payments or a deposit will still be required for deferrals part way through a course if tuition is outstanding. If the deferral lasts for more than 12 months a re-enrolment request will be required. This will mean a re-enrolment fee of \$100 and could also mean an increase in tuition fees if course prices have increased.

Accommodation search fee

\$150 where assistance is requested by an incoming student to find short-term accommodation on arrival.

Airport Pick-up

\$50 where requested by an incoming student.

All Fees listed above are subject to change at the beginning of each academic year.

A form is available from reception. There will be a charge for this service as outlined in the fees policy.

ASSESSMENT STRATEGIES

Assessment for the Certificate and Diploma courses have been developed to conform to the recommendations contained in the VET Quality Framework in line with the principles of competency based training.

Where appropriate, more than one unit and/or element of competency will be assessed in a single assessment activity. Assessment results will indicate either achievement or non-achievement of competence.

Results will be expressed as

Competent (C)

Not Yet Competent (NYC)

Participants can negotiate the assessment methodology relating to subject competencies where they have specific learning requirements.

An outline of subject/unit content, learning outcomes and associated assessment tasks will be distributed by individual trainer/tutors (during the first 2 weeks of term/semester).

Courses include a variety of assessment methods, instruments and events which include but are not limited to:

- Written tests/assignments/presentations
- Oral questioning/presentations
- Group activities including role play
- Practical application of skills/performance under supervision
- Research tasks/projects

On-the-job assessment results will be recorded by a variety of methods that may include but are not limited to:

- on-the-job logbooks
- training record books
- skills passports

ATTENDANCE AND ABSENCES

All Students

Satisfactory attendance is a requirement for achievement of competency in subjects and courses studied at LoveWorld Leadership College has a government obligation to record student attendance and monitor this regularly. Students are generally required to attend at least 80% of classes in order to meet minimum attendance requirements. This means that students cannot miss more than 2 classes each term for subjects scheduled once per week, or more than a total of 4 weeks per semester. Partial attendances (late arrivals or early departures) will be included in attendance calculations.

Students absent for more than 2 consecutive days due to illness must submit an official medical certificate as evidence.

Where a student is absent from a class, they must demonstrate that they have covered the content missed in order to gain competence in that

subject/unit. For example, students could read the teaching notes and provide a short summary or do an activity which demonstrates that they have considered the material. If pre-existing assessment items require an understanding of the teaching notes this may be adequate. This must be done in consultation with the relevant trainer/tutor.

In certain exceptional circumstances beyond the student's control (extended sickness, personal trauma and the like), students may apply to the Campus Principal, Dean or Head of School) for special consideration. Upon approval, alternate pathways for the fulfilment of course requirements may be granted. Students should apply in writing as soon as possible detailing the circumstances and reasons why special consideration would be granted. Students will be notified of the outcome in writing.

Students are required to advise the college in advance of any foreseen class absences, noting only compelling and/or compassionate circumstances will normally be accepted.

An outline of expectations and procedures regarding attendance is provided to students at Orientation.

International Students

Attendance for International students will be monitored and calculated regularly during each study period (term or semester).

Minimum attendance requirements for students enrolled in ELICOS courses is 80% of all scheduled course sessions (as per the ESOS National Code).

Minimum satisfactory course progress for all courses is satisfactory achievement of at least 50% of academic requirements.

Students who are assessed as being at risk of not making satisfactory progress due to inadequate attendance will be:

1. Counselling when the issue first becomes apparent
2. Issued a warning letter if poor attendance remains an issue
3. Once a student's attendance or course progress falls below the minimum requirements and cannot be redeemed during the current study period, and no compassionate or compelling

circumstances can be provided, the student will be issued written notification of intention to cancel enrolment. At this point the student has 20 working days to access the college's Appeals process.

The Australian government also requires the college to formally counsel students who are absent for more than five successive days without approval or who are not consistently attending their course. Any student who is not able to be contacted after 5 days must be reported to the government.

The college has a requirement to advise the Department of [Home Affairs](#) if any international student misses more than two successive weeks of classes. If this occurs a student's visa status may be reviewed, and students may be required to leave Australia.

In all cases the college will attempt to contact the student using the most recent contact information supplied by the student. Students are required to notify the college of any change to their contact details (email, phone and/or postal/living address) within 7 days of the change occurring.

The above attendance requirements may be waived in exceptional circumstances as noted previously where the appropriate procedures are adhered to and in line with the ESOS Act. Medical reasons must be supported by an official medical certificate.

EXIT POINTS

There are no formal exit points in multi-year courses however students may be able to apply for Recognition of Prior Learning towards a lower-level qualification depending on the amount of study completed.

A Statement of Attainment can be issued upon successful completion of one or more subjects where those subjects are aligned to a complete unit of competency, even if a student exits prior to completion of the graduation requirements for the full qualification being studied

9. ACADEMIC POLICIES

GRADING

Formal assessment in LoveWorld Leadership College course subjects/units is described as Competent (C) or Not Yet Competent (NYC). Individual trainers/tutors may choose to allocate marks and/or grades for subjects and individual assessment tasks, but this is not a formal requirement. A student is assessed as 'Competent' when he/she can demonstrate achievement of each element of any underlying competencies in a subject.

For example, a student who does very well in four of five elements of competency but doesn't achieve the fifth element of competency because they didn't submit an assessment item will be graded 'Not Yet Competent'.

ASSIGNMENT SUBMISSION

All written assignments should be submitted with a completed and signed 'Assignment Cover Sheet' by the due date to the LoveWorld Leadership College. If alternative arrangements have been negotiated with the trainer/tutor/coordinator a copy of the assessment must be submitted to the relevant office.

Assignments should follow the specified assignment presentation guidelines. The office will stamp assignments with the date received, record the submission in an assignment register and pass them on to the appropriate trainer/tutor for marking.

Students are required to retain a copy of every assignment. While every care is taken to ensure students' work is not mislaid, in the rare case that this happens, a replacement copy provides both evidence of submission and a copy for marking.

Extensions

If you are not able to complete an assessment task by the due date you will need to negotiate an extension with the trainer/tutor. This must be done before the due date. If you are not able to contact the

trainer/tutor directly you should notify the college office. Extensions will normally be granted for a maximum of one week (longer in extenuating circumstances). It will be up to the individual trainer/tutor to decide whether or not to grant an extension and whether any evidence (e.g. medical certificate) is required.

An 'Assignment Extension Request' form is to be completed and signed by the trainer/tutor or delegate and submitted with the assignment.

Late Submission of Assignments

A 'late submission' fee will be charged for assignments submitted after the due date or negotiated extension date. The fee is determined by the number of weeks the assignment is late and is payable at the time of submission. Current fee rates are as per Section 6 Fees and Refunds.

Acceptance of an assignment submitted 4 weeks after the due date or after the finish date of a subject is only at the discretion of the Trainer/Principal. If not accepted the student will be awarded an NYC grade for the subject. To complete the subject the student may be given the option to re-enroll and reset the subject.

Once a student has ceased studying at the college (withdrawn from or deferred their course) the maximum time any assessment work can be submitted for marking is 6 months (1 semester) from the date of leaving or close of subject (whichever is the earlier).

This policy will be waived only at discretion of the Principal in exceptional circumstances (eg extended sickness accompanied by a medical certificate).

Resubmission and Re-marking

If an assessment task is graded as 'Not Yet Competent' you have the opportunity, as negotiated with the trainer/tutor, to be re-assessed by:

- resubmitting an amended assignment or re-sitting a test;

- completing an additional assessment task (at the trainer/tutor's discretion); or
- applying for a re-mark (this is to be arranged through the Head of School or College Principal)

Applications for re-assessment should be received by the College office within one week of return of the relevant assignment/test.

Re-assessment may involve payment of an additional fee (see Section 6 Fees and Refunds).

WRITTEN ASSIGNMENT PRESENTATION GUIDELINES

Presentation

All assignments should include:

- Assignment Cover Sheet (available from the Unity College Office or Common Room).
- Assignment content - response to the assessment task.
- Bibliography (list of references/resources used in the preparation of the assignment) - see separate guidelines for setting out citation footnotes and bibliographies.

To facilitate marking, please do not place individual pages in separate plastic sleeves of a folder.

Layout

All assignments should:

- Be typed or word processed
- Be double spaced
- Be written on one side of the page only
- Have left and right-hand margins of approximately 3 cm

Word Count

Where a word count is specified, assignments should be within 10% of that amount. Where a range is

specified (e.g. 1000 - 1500 words) assignments should fall within that range.

The word count includes small quotes within the body of the assignment which should not total more than 10% of the assignment. The Bibliography, footnotes and any large quotes should be excluded from the word count.

Assignment Format

The exact format of the assignment may vary depending on the type of assignment (e.g. essay, book review, fieldwork report etc.) and individual trainer/tutor's guide-lines.

Essays: the format should involve the following sections -

- Introduction - a paragraph introducing the topic and giving a brief outline of how you are going to approach it, what you will cover in your essay.
- Body/development - this section is the major part of your essay. Here you need to state your main points and develop your ideas. Thoughts need to be presented logically and clearly and should always relate to the topic of the essay.
- Conclusion - a closing paragraph or two which summarizes your main points and conclusions about the topic.

Reports: the format for a report will depend on the nature of the material being reported on -

- Subheadings for different sections will probably be appropriate.
- Content may include lists of information gathered (facts, figures etc.). These may be included in an appendix but must be referred to in the content of the report. Information should still be presented logically and in a way the reader can understand its relevance to the topic.
- An introduction and conclusion/summary are still required. Both must be related to the assignment topic.

ACADEMIC PERFORMANCE

All students are required to maintain an acceptable standard of academic performance throughout each academic period in order to pass their course.

International Students

The Department of Home Affairs requires international students to be performing at a satisfactory level in their studies.

Students are deemed to be performing at an unsatisfactory level where they:

- Have unsatisfactory achievement in more than 50% of their subjects/units in any one semester.
- Receive an NYC result for a compulsory unit twice.

Students whose academic progress throughout a study period is observed to be unsatisfactory will be offered counselling. Once course results are available an official warning letter will be issued if progress is found to be unsatisfactory. The reasons for this letter will be outlined as well as actions required to redress the situation and potential consequences, including notification of enrolment cancellation, if not followed. The student will be invited to discuss the issues with the Campus Dean or Principal who may choose to review any official warning where extenuating circumstances outside of the students control occur.

Otherwise, if the student does not comply with the outlined requirements at the end of the study period, termination of enrolment along with reporting to the Department of Home Affairs via the International Student Registrar may result. Students will be notified in writing prior to this happening. Students will have access to the college's Appeals processes from the date of initial notification of enrolment cancellation.

ACADEMIC SUPPORT

Students having difficulty completing assessment requirements for any individual subject or course are welcome to discuss their difficulties with their

relevant trainer or course coordinator who can suggest appropriate strategies for dealing with issues raised. These could include one-on-one sessions, alternative assignments, resubmissions and/or academic counselling.

ACADEMIC MISCONDUCT

LoveWorld Leadership College regards any academic misconduct as a serious matter and will take appropriate action, including:

- disqualification of the relevant assessment work
 - charging of resubmission fees as per 'Section 6-FEES AND REFUNDS', if the student is offered the opportunity to resubmit or re-sit the item
 - reassessment of the student's continued enrolment in the subject and/or course
- Examples of academic misconduct include but are not limited to:
- Taking unauthorized materials into an examination
 - Having a substitute person sit an examination in place of the candidate
 - Copying another student's work during a test
 - Submitting work for assessment knowing it is the work of another person
 - Submitting a falsified or unauthorized medical certificate
 - Plagiarism

Students are required to sign a declaration on the Assignment Cover Sheet that submitted assignments are their own work. To present someone else's work as your own is plagiarism. In effect it is stealing. Copyright laws protect the intellectual property of the creator of written work, so only limited copying is permitted, if at all, and acknowledgment must be given to the author. When using other writer's words or thoughts, it is ethical to give credit to them. You should identify others' work in your assignments by listing the sources in footnotes and Bibliographies. See above for guidelines on assignment submission, layout, word count and acknowledgement of sources. Detailed guidelines for referencing will be provided at Orientation.

Collusion

Unless a team project or assignment is indicated, any obvious copying of another student's work will mean disqualification of both students' entire work.

ACADEMIC APPEALS

The purpose of this policy is to assist clients wishing to appeal academic decisions made by staff of LoveWorld Leadership College.

Procedure

All appeals should be made in writing to the vice Principal or Principal within two weeks of return of the assessment.

Detailed procedures are outlined in Section 10 GENERAL POLICIES, under the heading

Students will receive an unofficial subject result record after the conclusion of a course of study, after each semester for courses one year or longer, or at other times upon request.

10. GENERAL POLICIES

WORK HEALTH AND SAFETY (WHS)

LoveWorld Leadership College (LLC) committed to safeguarding the health and safety of staff and students. Students should acquaint themselves with their responsibilities and the avenues available for them to safeguard their health and safety.

Overview

LLC will take all reasonable steps to ensure that students are not exposed to any risk while at or near its premises or while utilizing its services. The College will strive to improve the standards and practices of work health and safety in all premises it uses. It will regard all existing community standards as the minimum standards.

To achieve its WHS objectives the College's policy will:

- provide appropriate information and training, including during induction training or orientation, on WHS to all staff and students, to enable them to perform their work and/or studies in a manner that is safe and without risk to their health or to the health of others;
- hold all levels of management responsible and accountable for health, safety and rehabilitation matters in the areas under their control
- provide staff with information on their responsibilities for WHS;
- ensure that expert advice is available on WHS matters affecting staff, students, members of the public and contractors;
- conduct regular work health and safety audits;
- place the safety and health of employees ahead of the protection of equipment and services;
- enable the provision and maintenance of safe plant, equipment and systems of work including safe storage and handling of substances;
- immediately notify staff, students, visitors and the relevant authorities of all accidents, hazardous situations, dangerous occurrences or immediate risks to health and safety; and
- where work/study environment is such that for staff or students to continue to perform their usual duties would be a danger to their health, instruct them to use suitable alternative

premises until any hazard has been eliminated or controlled.

Student Responsibilities

Students are expected to take all reasonably practicable steps to:

- ensure proper use of appropriate safeguards, safety devices and safety equipment provided by the College and follow agreed safe work practices;
- ensure that they do not take any action, or make any omission, that creates a risk, or increases an existing risk, to their health and safety, or of other persons on the College premises;
- use equipment, in accordance with any instruction given by management consistent with its safe and proper use; and
- co-operate with the College, to the extent necessary to enable it to fulfil its duties and obligations, especially in emergencies.
- Inform College administration of any potentially hazardous situations.

Duty of Care

LLC will ensure that all written or oral information or advice given is accurate, timely and complete and that they are duly authorized to give out such information.

LLC recognizes a student's right to know how and why decisions were made. In order to help understand the reason for those decisions, LLC will endeavour to ensure that students:

- receive clear information about the policies and instructions affecting their case (care will be taken to ensure all relevant facts are known and understood);
- have an opportunity to provide all the information about their case (even after the making of a decision, as it may be that the new information results in a different decision being made);
- are given an explanation of why, if it is not possible to give a favourable decision; and

- are aware of any rights of review.

MENTORING

LLC recognizes the importance of mentoring of students as a key mechanism of their sustained growth. "Mentoring is a relational experience through which one person empowers another by sharing God-given resources." The resources may be wisdom, information, experience, modelling, confidence, insights, direction, relationship status, etc.). Empowering means imparting strength, persistence and encouragement in times of weakness or uncertainty, so that the person will have competence in applying knowledge gained. Hence mentoring is about realizing the mentee's full potential. It establishes accountability and encourages consistency in moral and character development. Mature successful leaders testify to several significant individuals whose timely help enabled them to grow and finish well. Mentoring needs to be deliberate (by spoken agreements) and intensive (ideally weekly contact), rather than occasional or non-structured.

Where students are studying courses with a Christian focus, LLC works on the principle that the basic mentoring provider for non-academic matters (and provider of primary pastoral care) is their local church or the Christian community to which they belong. For students not currently based in a local church (e.g. students who have moved from overseas or interstate) the College will provide the mentoring framework until the student finds a local church/group to do so.

CONFIDENTIALITY OF PERSONAL INFORMATION

Introduction

This means that LLC does not release any information held about students/staff, including addresses or results, even to close relatives except to the parent School (Unity College Australia), without explicit permission. As a general rule, details of friends, family members and others who contact LLC seeking information about students/staff (including personal contact details) will be passed on to the student/staff member, for action as they see fit.

INFORMATION FOR STUDENTS WITH SPECIAL NEEDS OR WHO EXPERIENCE BARRIERS TO EDUCATION

Introduction

LoveWorld Leadership College (LLC) is committed to achieving best practice in the provision of vocational education and training services for students who wish to use its services.

LLC's Access and Equity Policy recognizes that particular individuals and groups in society experience disadvantage and unequal educational outcomes; we believe we have a role to play in overcoming these barriers. Teaching staff are required to be sensitive to the special, cultural and learning needs of trainees.

Practical Assistance to Students

The Director and Staff of LLC may provide practical help to new or existing students who experience barriers to education and training.

Language, Literacy and Numeracy

Through our Parent Institution (UCA), LLC considers a student's language, literacy and numeracy levels when advising on enrolment in specific courses. Where necessary and appropriate we will assist students where their language, literacy and numeracy skills are below the level required to undertake training successfully. For example, we will guide students with low levels of schooling and/or students with diverse cultural and linguistic backgrounds to make appropriate course choices.

Needs identified once training has commenced will be supported by providing additional assistance or, if possible and appropriate, adjusting the training and assessment approach.

Such assistance will include either access to external services to improve these skills or advice regarding enrolment in the English courses offered by Unity College. Either option can occur concurrently with participation in other subjects offered by the College, provided the student is still able to undertake their study requirements.

International students may be required to take an English language proficiency test (IELTS or TOEFL) as part of their application process. Other students may also be required to undertake English testing in order to provide the appropriate level of assistance needed which will be given by our Parent Institution, UCA.

Other matters

Students with physical disabilities will be assisted on a case-by-case basis. Special arrangements can be made for some situations.

Students who experience hearing or visual impairments will, after consultation with the Principal, be offered options to assist their learning experience, including enhanced positioning in the learning environment, tapes, lecture outlines and extra tuition (if needed).

LLC will, if possible, assist students with identified intellectual disabilities. The appropriate response will be determined according to the need.

What you need to do

If you experience any difficulty that you believe will affect your ability to achieve your educational goals, please advise the LLC staff either prior to or during your study with us. We will endeavor to assist you to overcome any barrier for you to make the most of your learning experience.
